EEHSP DIRECTORY OPT-IN CONSENT

Welcome back to school, parents and guardians! We are requesting your permission to include your information in the EEHSP Directory. The directory is compiled each fall and is full of useful details, including teacher contact information and class lists for both Enfield and Erdenheim, family addresses, phone numbers and emails, and contact information for Head Room Parents, Grade Level Representatives, and the EEHSP Board and Committee Chairs.

To ensure that your family’s contact information is included in the EEHSP Directory starting this year and continuing until your child leaves elementary school, please complete this form and return it via backpack mail by Tuesday, September 15th. A separate form is needed for each child currently in grades K-5.

By signing below, you expressly consent to the inclusion of your personal information in the EEHSP Directory. This opt-in consent will be valid until revoked or until your child leaves elementary school. We cannot include your information in the directory without your consent. If you wish to exclude your information, please return this form with a note to that effect. This form is also available to download from the EEHSP website, www.eehsp.org.

Your directory listing will be taken from the information you submit this fall on the school district’s Emergency Contact forms. Contact information given here is for follow-up purposes only.

Your participation is essential for a successful directory—last year we achieved an opt-in rate of almost 85%! We hope to improve upon that this year. Finally, directory order forms will be sent home later this month.

Questions, please contact Susan Houser at directory@eehsp.org.
