

5TH GRADE ACTIVITIES

The end of the year is quickly approaching and there are several events occurring for our fifth-grade students. Below you will find a complete list of activities with the dates and times of each scheduled thus far. We are asking for a minimum \$25 fee from each student to help with the costs of the events. If you would like to make additional contributions, for additional support, then please note amount on form. The \$25 dollars will cover all the event fees and supplies (except the pool party which is a separate fee.) In addition to the events listed, the students will be receiving one T-shirt along with their yearbook specially designed for them.

We appreciate all your support of EEHSP and the 5th graders. Can't believe we are almost done elementary school and we are trying our best to make it memorable for all our 5th graders.

Any questions or concerns please contact:
